Winter\Spring 2018 Ministry Update

As you may already know, we are starting our **6th year of ministry!** We are constantly astounded by just how good God has been each step of the way.

Something that you may not know is that after our first three (3) years, God began to burden me to preach. After many hours of prayer, struggle and council, I humbly surrendered my call in February of 2016!

Over the next two years God continued to bless greatly and we have gotten to experience God's power in mighty ways! We have watched souls walk the aisle seeking salvation. We have watched teens and children get right with parents. We have watched husbands get right with wives. We have seen small churches grow and expand their outreach into their communities. Not because of what we have done, but because of what He can do with a simple, willing vessel!

As our travels have expanded, I have been blessed to preach in many revivals, jubilees, tent meetings, missions conferences and all manner of special services. And, of course, we also still provide a lot of music too!

The Lord has opened many doors since we started on this journey and He continues to do so daily. It is our desire that you would prayerfully consider whether the Lord would have you to invite us into (or back into!) your church and allow us the privilege of ministering to your congregation. **But most of all, we ask that you pray for our family** as we travel and do what we can to bless others with what God has given to us.

In accordance with what we believe to be the proper, Biblical foundation of a ministry, myself and my family, Rusty Nail Crossing, are sent out by our home church - **Faith Baptist Church** of LaPorte, IN - under the guidance of our Pastor Ed Heavner. Please feel free to contact Pastor Heavner if you have any questions regarding our family or our ministry.
